ABSTRACTS AND POSTERS (SEPARATUM)

MOT DE BIENVENUE DES PRÉSIDENTS

Chères et chers Collègues,

Comme chaque année et selon nos statuts, le comité, appuyé par le comité scientifique mixte, organise pour la 54e fois le congrès. Depuis 2012, chaque deuxième année, la société fille, la SGAC-SSCE, se joint à nous pour renforcer la partie de chirurgie esthétique. D'un commun accord, voici les trois thèmes choisis:

- reconstructive and aesthetic rhinoplasty
- otoplasty
- lower limb reconstruction

Soucieuses de présenter les dernières études et avances dans ces trois domaines, les deux sociétés ont invités des orateurs de renommée:

Louise Laberge, qui est une référence dans le domaine de l'otoplastie, va nous parler de sa longue expérience sur ce sujet. J'ai été résident à Montréal ainsi que le Dr Boesch et nous avons pu profiter de ses conseils précieux. Jean Brice Duron de Paris ainsi que Ali Murat Akkus d'Istanbul vont satisfaire notre curiosité au sujet de la rhinoplastie esthétique. Abel-Jan Tasman de St-Gall va nous entretenir sur la rhinoplastie dans ses aspects fonctionnels en relation avec l'esthétique. Nous avons également organisé une table ronde sur le sujet de la rhinoplastie qui sera certainement passionnante. Pour la reconstruction du membre inférieur, Lee Pu de Sacramento va nous apporter de précieux conseils sur ce thème, suivi également d'une table ronde représentée par les centres universitaires suisses. Vous pouvez donc nous croire, la venue à cette manifestation en vaut vraiment la peine pour vous tenir au courant des derniers développements et parfaire votre formation continue.

La veille, donc le 20 septembre 2018, les cinq cliniques universitaires organisent une «Trainees Academy» pour parfaire la formation de la relève, nos assistants et chefs de clinique. C'est une première et nous espérons qu'elle aura du succès.

Nous avons choisi Crans-Montana qui dispose d'un centre de congrès avantageux et capable de recevoir une manifestation comme la nôtre. De plus, les hôtels nous offrent des prix intéressants, hors saison. Ainsi, nous pensons satisfaire les attentes scientifiques élevées en restant dans un cadre économique approprié. Quant au programme cadre du vendredi soir, il sera consacré au folklore, qu'il soit suisse, européen ou outre-mer. Venez donc tous avec vos plus beaux costumes et oubliez le smoking et la robe de soirée.

Nous nous réjouissons de vous voir à Crans-Montana!

Yves Brühlmann
Président SWISS PLASTIC SURGERY

Urs Bösch
Président SWISS AESTHETIC SURGERY

GRUSS DER PRÄSIDENTEN

Liebe Kolleginnen und Kollegen

Der Vorstand, unterstützt von der gemischten wissenschaftlichen Kommission, organisiert wie jedes Jahr und gemäss den Statuten die 54. Jahrestagung. Seit 2012 macht die Tochtergesellschaft, die SGAC-SSCE, mit und vergibt somit dem ästhetischen Teil mehr Gewicht. Die in Absprache mit der Tochtergesellschaft gewählten Themen sind die folgenden:

- reconstructive and aesthetic rhinoplasty
- otoplasty
- lower limb reconstruction

Dabei bemühten sich die beiden Gesellschaften, die letzten Studien sowie die wissenschaftlichen Errungenschaften der drei Gebiete zu präsentieren, indem hoch qualifizierte Redner verpflichtet werden konnten. Louise Laberge, eine Referenz der Otoplastie, wird uns über ihre langjährigen Erfahrungen berichten. Ich war damals Resident in Montreal, so auch Urs Bösch. Beide konnten von ihren kostbaren Ratschlägen profitieren. Jean Brice Duron aus Paris sowie Ali Murat Akkus aus Istanbul werden unsere Neugierde was die ästhetische Rhinoplastik anbelangt stillen. Abel-Jan Tasman aus St. Gallen wird über die Rhinoplastik in ihren funktionellen Aspekten in Verbindung mit der Ästhetik sprechen. Zudem haben wir über Rhinoplastik eine Diskussionsrunde organisiert, die sicher spannend werden wird. Für die Rekonstruktion der unteren Extremitäten wird Lee Pu aus Sacramento Ratschläge geben. Darauf folgend wiederum eine Diskussionsrunde mit den 5 Vertretern der Universitätskliniken. Seien Sie versichert, die Teilnahme wird sich lohnen. Die Tagung vermittelt Ihnen die letzten Entwicklungen und deckt zudem die Fortbildungspflicht. Am Vorabend, 20. September 2018, organisieren die 5 Universitätskliniken eine „Trainees Academy“. Sie soll die Weiterbildung unseres Nachwuchses, der Assistenten und Oberärzte ergänzen. Es ist dies ein erster Versuch und hoffentlich erfolgreich. Wir haben Crans-Montana als Kongressort gewählt, weil es sich um ein sehr günstiges Angebot handelt und ideal für unsere Veranstaltung ist. Zudem sind die Hotelangebote günstig, weil die Veranstaltung ausserhalb der Saison liegt. So hoffen wir, die wissenschaftlichen hohen Erwartungen zufriedenzustellen und den finanziellen Rahmen einzuhalten.

Der Gesellschaftsabend ist der Folklore gewidmet, sei diese schweizerisch, europäisch oder aus fernen Ländern. Erscheinen Sie somit mit Ihren schönsten Kostümen oder Trachten und vergisst Smoking und Abendkleid.

Wir freuen uns, Sie in Crans-Montana zu sehen!

- Dirk J Schaefer (SWISS PLASTIC SURGERY)
- Michele Zanzi (SWISS AESTHETIC SURGERY)

Personalized Cell Therapies

Autologous Conditioned Plasma (ACP/PRP) and Autologous Conditioned Adipose Tissue (ACA) for Aesthetic Medicine, Dermatology and Plastic Surgery

ACP ① is widely used in the treatment of mature skin, dark circles in the undereye region, wounds, alopecia, reconstructions and flap plasty.^{1,2} ACP stimulates regenerative processes including cell proliferation and collagen synthesis.^{3,4}

ACA^{micro} ② and ACA^{SVF} ③ are used to treat volume loss (wrinkles) and complex wounds as well as during reconstructions and flap plasty.^{5,6} ACA^{SVF} enhances stem cell recruitment while decreasing inflammatory processes.^{7,8}

✳ Body's Own Substances

15 ml of blood or 30ml of lipoaspirate are transformed into powerful, regenerative substances.

✳ Innovative Combinations

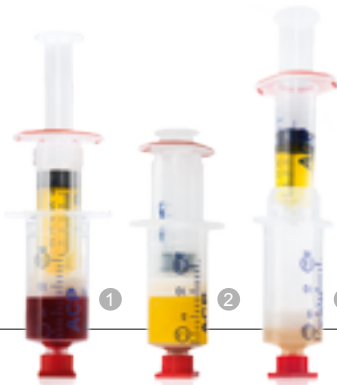

Combinations of ACA^{micro} and ACA^{SVF} with ACP are quick and easy to prepare.

✳ 100% Autologous (Mechanical Procedure)

- No separation gel
- No anticoagulant
- No enzymatic digest

✳ Safety

The systems are closed and sterile for use in the practice or in an OR setting.

PROGRAM

THURSDAY – SEPTEMBER 20, 2018

1400 – 1800	TRAINEES ACADEMY (Room 8-9 (-1))
1400	Burn (<i>J Plock and W Raffoul</i>)
1445	Head and neck (<i>RD Largo</i>)
1515	Foot and ankle (<i>DJ Schaefer</i>)
1545	Facial surgery (<i>M Haug</i>)
1615	PAUSE
1645	Facialis parese (<i>A Grobbelaar</i>)
1715	Body countouring (<i>MA Constantinescu and A Modarressi</i>)
2000	Young Swiss Plastic Surgeon Group (YSPSG) meets Industry
1800 – 2000	SWISS PLASTIC SURGERY BOARD MEETING (Hotel Royal, Crans-Montana)
2000	FACULTY DINNER (Le Crans, Crans-Montana)

FRIDAY – SEPTEMBER 21, 2018

0800 – 1700	Registration
0900	WELCOME Yves Brühlmann , President of SWISS PLASTIC SURGERY Urs Bösch , President of SWISS AESTHETIC SURGERY
0910 – 1000	FREE COMMUNICATIONS 1: RESEARCH Chairs: Daniel E Kalbermatten/Brigitte Pittet-Cuénod
0910	The role of lymph nodes transfer and lymphangiogenesis in vascularized composite allotransplantation Catherine Tsai , <i>R Olariu</i> , <i>M Abd El Hafez</i> , <i>MA Constantinescu</i> , <i>E Vögelin</i> , <i>A Taddeo</i> ; Plastic, Reconstructive and Hand Surgery, Inselspital, Bern
0916	Assessing the role of the hippo signalling pathway in basal cell carcinoma Robert Wenger , <i>GA Roux</i> , <i>AO Hasan Ali</i> , <i>M Spiegl</i> , <i>Z Li</i> , <i>J Grünert</i> , <i>Flatz</i> ; Hand, Plastic and Reconstructive Surgery, Institute of Immunobiology, Oncology/Hematology, Dermatology, Allergology and Venerology, Cantonal Hospital, St-Gall; Dermatology, University of Zurich, Zurich

- 0922** **Neurogenic evaluation of immunophilin ligands in vitro**
Lucas Degrugillier, K Prautsch, S Schären, S Madduri, DF Kalbermatten; Plastic, Reconstructive, Aesthetic and Hand Surgery, Spinal Surgery, Biomedicine, University Hospital, Basel; Biomedical Engineering, University of Basel, Allschwil
- 0928** **Adipose derived stem cells reduce fibrosis and promote nerve regeneration in rats**
Luigi Schiraldi, P di Summa, M Cherubino, CM Oranges, DF Kalbermatten, W Raffoul, S Madduri; Plastic, Reconstructive and Hand Surgery, CHUV, Lausanne; Biotechnology, University of Insubria, Varese (IT); Plastic, Reconstructive, Aesthetic and Hand Surgery, University Hospital, Basel; Biomedicine, University of Basel, Basel; Biomedical Engineering, University of Basel, Allschwil
- 0934** **Evaluation of the vascularization of adipose grafts in the in vivo dorsal skinfold chamber mouse model under normothermic and hyperthermic conditions**
Anna Wang, M McLucki, L Meier, N Sanchez-Macedo, P Giovanoli, N Lindenblatt; Plastic, Reconstructive and Hand Surgery, University Hospital, Zurich
- 0940** **Efficacy of OK-432 (Picibanil) in melanoma patients with recurrent seroma formation after lymphatic dissection: the Zurich approach**
Semra Uyulmaz, N Büyükyüz, G Puippe, P Giovanoli, N Lindenblatt; Plastic, Reconstructive and Hand Surgery, Surgery, Diagnostic and Interventional Radiology, University Hospital, Zurich
- 0946** **Synergistic effect of growth factors and adipose stem cells enhances neurite outgrowth**
Katharina MA Prautsch, L Degrugillier, DJ Schaefer, S Madduri, DF Kalbermatten; Plastic, Reconstructive, Aesthetic and Hand Surgery, Biomedicine, University Hospital, Basel; Biomedical Engineering, University of Basel, Allschwil
- 0952** **Bioactive nanoparticle formulations promote survival of perforator flaps in a rat model**
Ioana Lese, C Tsai, A Taddeo, M Matter, I Hermann, R Olariu, MA Constantinescu; Plastic, Reconstructive and Hand Surgery, Inselspital, Bern; Biomedical Research, University of Bern, Bern; Materials Meet Life, Swiss Federal Laboratories for Materials Science and Technology (EMPA), St-Gall
- 1000 – 1030** **COFFEE BREAK**

1030 – 1130 SESSION: LOWER LIMB RECONSTRUCTION

Chairs: Lee Pu/Mihai A Constantinescu

1030 – 1100 Soft-tissue reconstruction of the lower extremity: a contemporary approach

Lee Pu, Sacramento (USA)

1100 – 1200 FREE COMMUNICATIONS 2: LOWER LIMB RECONSTRUCTION

Chairs: Mihai Constantinescu/Nathalie Koch

Gong Shows

1100 The use of a tubed pedicle flap for cutaneous coverage of lower extremity wound: an outdated procedure?

Vendela Grufman, P Engels, K Wishart, E Fritsche; *Hand and Plastic Surgery, Cantonal Hospital, Lucerne*

1104 A treatment strategy for degloving injuries of the foot

J Deinzer, Saskia JM Kamphuis, J Sproedt, FJ Jung, AR Jandali; *Surgery, Hand- and Plastic Surgery, Cantonal Hospital, Winterthur*

1108 Tri-component chimeric flaps in lower extremity reconstruction

Patricia E Engels, V Grufman, KT Wishart, MF Scaglioni, E Fritsche; *Hand- and Plastic Surgery, Cantonal Hospital, Lucerne*

1112 Back to the roots: the SCIP flap in lower extremity reconstruction

Katarina T Wishart, PE Engels, V Grufman, M Scaglioni, E Fritsche; *Hand- and Plastic Surgery, Cantonal Hospital, Lucerne*

1116 Subtotal talus reconstruction with free medial femoral condyle flap after oncologic resection

Severin Rossi, MA Constantinescu, R Olariu; *Plastic, Reconstructive and Hand Surgery, Inselspital, Bern*

1120 Free double barrel fibula flap for complex arthrodesis in post-infectious bony defects of the ankle

Gerlinde S Heil, C Tschumi, H Kim H, I Bayard, V Hürlimann, F Krause, MA Constantinescu, R Olariu; *Plastic, Reconstructive and Hand Surgery, Inselspital, Bern*

1124 Decompression of the lateral sural cutaneous nerve to relief chronic exertional lower leg pain after more than 30 years

Andreas Gohritz, M Meyer zu Schwabedissen, T Schweizer, DJ Schaefer; *Plastic, Reconstructive, Aesthetic and Hand Surgery, University Hospital, Basel*

- 1128 **Botulinum toxin augmented free gracilis flap and local peroneus brevis flap for chronic ulcers in a patient with systemic sclerosis and secondary Raynaud syndrome: a case report**
Nadia Menzi, DJ Schaefer, DE Kalbermatten; Plastic, Reconstructive, Aesthetic and Hand Surgery, University Hospital, Basel
- 1232 **Microsurgical flap reconstruction of the lower leg in a 115 year-old patient under regional anesthesia: case report and review of the literature**
Maximilian G Burger, R Osinga, A Gohritz, DJ Schaefer; Plastic, Reconstructive, Aesthetic and Hand Surgery, University Hospital, Basel
- 1136 – 1200 **ROUND TABLE**
Principles, frontiers and controversials in lower limb reconstruction
Swiss reconstructive university centers
- 1200 – 1330 *LUNCH*
- 1230 – 1330 **POSTER SESSION (Room 10 (-1))**
Chairs: Jörg Grünert/Claudia Meuli-Simmen
- 1330 – 1500 **FREE COMMUNICATIONS 2 (suite): LOWER LIMB RECONSTRUCTION**
Chairs: Radu Olariu/Pietro G di Summa
- 1330 **Early and delayed flap coverage in the lower extremity: a retrospective singlecenter review of current practice**
Helene S Scheer, I Lese, R Olariu, MA Constantinescu; Plastic, Reconstructive and Hand Surgery, Inselspital, Bern
- 1334 **Evolution of lower limb reconstruction: the Geneva experience over the past 25 years**
Cédric Benoît, I Petrou, A Modarressi, E Rüegg, B Pittet-Cuénod; Plastic, Reconstructive and Aesthetic Surgery, University Hospital, Geneva
- 1338 **Free-flap for lower extremity reconstruction: Lausanne experience**
Camillo Müller, D Lucas, R Mahmoud, T Rotunno, W Raffoul; Plastic, Reconstructive and Hand Surgery, CHUV, Lausanne
- 1342 **Free flap reconstruction of lower extremity soft tissue defects: a 12-year single-center retrospective evaluation**
Valeska Hürlimann, R Olariu, MA Constantinescu; Plastic, Reconstructive and Hand Surgery, Inselspital, Bern

- 1346** **Bone reconstruction with vascularized bone flaps in the lower extremity: a critical, retrospective, single-center review**
Radu Olariu, I Lese, MA Constantinescu; Plastic, Reconstructive and Hand Surgery, Inselspital, Bern
- 1350** **Vascular risk modifiers and vascular status as a predictive value in the success of free flaps to the lower extremity**
Ramzy Mahmoud, C Müller, D Luca, T Rotunno, W Raffoul; Plastic, Reconstructive and Hand Surgery, CHUV, Lausanne
- 1355 – 1410** **DISCUSSION FREE COMMUNICATIONS 1-6**
- 1410** **Patient height, weight, BMI and age as predictors of gracilis muscle free-flap mass in lower extremity reconstruction**
Carlo M Oranges, M Tremp, W Wang, S Madduri, PG di Summa, DF Kalbermatten; Plastic, Reconstructive and Aesthetic Surgery, Hand Surgery, University Hospital, Basel; Plastic and Reconstructive Surgery, Shanghai Ninth People's Hospital, Shanghai, P.R. China; Plastic, Reconstructive and Hand Surgery, CHUV, Lausanne
- 1417** **Pedicle perforator-based flaps for lower extremity reconstruction: a single surgeon experience**
Mario F Scaglioni, K Wishart, P Engels, V Grufman, A Franchi, E Fritsche; Hand- and Plastic Surgery, Cantonal Hospital, Lucerne
- 1424** **Treatment outcome of infected total knee arthroplasty with severe soft-tissue damage**
Rik Osinga, P Ochsner, M Clauss, DJ Schaefer; Plastic, Reconstructive, Aesthetic and Hand Surgery, Orthopaedics, University Hospital, Basel; Orthopaedics and Trauma Surgery, Cantonal Hospital Baselland, Liestal
- 1431** **The anatomical reliability of the thin superficial circumflex Iliac perforator-flap in the western population**
Cédric Zubler, D Haberthür, R Hlushchuk, V Djonov, MA Constantinescu, R Olariu; Institute of Anatomy, University of Bern, Bern; Plastic, Reconstructive and Hand Surgery, Inselspital, Bern
- 1438** **Arterio-venous loops enable free tissue transfer to lower limbs with otherwise inadequate local donor and recipient vessels**
Mathias Tremp, CM Oranges, T Wolff, M Barandun, H Eckardt, DJ Schaefer, DF Kalbermatten; Plastic, Reconstructive, Aesthetic and Hand Surgery, Surgery, Orthopaedic and Trauma Surgery, University Hospital, Basel

- 1445** **Propeller flap reconstruction of the lower leg in the polymorbid patient: is the complication rate acceptable?**
Athanasios Papanikolaou, I Lese, J Leckenby, J Rothenberger, MA Constantinescu, R Olariu; Plastic, Reconstructive and Hand Surgery, Inselspital, Bern
- 1452** **Comparison gracilis versus anterolateral thigh flap in microsurgical lower limb reconstruction: is there still a place for the gracilis flap?**
Dominique Lucas, C Muller, R Mahmoud, T Rotunno, W Raffoul; Plastic, Reconstructive and Hand Surgery, CHUV, Lausanne
- 1500 – 1600** **SESSIONS: RECONSTRUCTIVE RHINOPLASTY**
Chairs: Ali Modarressi/Björn Walter
- 1500 – 1520** **Rhinoplasty: are we guilty of overtreating our patients?**
Abel-Jan Tasman, St-Gall
- 1520 – 1540** **Controversial issues in rhinosurgery**
Martin Haug, Basel
- 1540 – 1600** **INTERACTIVE CASE DISCUSSION**
Abel-Jan Tasman, St-Gall, Martin Haug, Basel
- 1600 – 1645** **FREE COMMUNICATIONS 3: RECONSTRUCTIVE RHINOPLASTY**
Chairs: Claude Oppikofer/ Pierre Quinodoz
- 1600** **Rintala and converse flap for the reconstruction of nasal tip defects**
Miguel Morón, C Meuli-Simmen; Plastic, Reconstructive and Hand Surgery, Cantonal Hospital, Aarau
- 1606** **Outcome of nasal tip reconstruction using frontonasal flaps compared to other local and regional flaps**
Oliver Scheufler, R Andresen, P Auvera; Aare Klinik, Plastic and Aesthetic Surgery, Bern; Sigmund Freud University, Medical School, Vienna (AT)
- 1612** **Single-stage reconstruction of the nasal tip: the cascade flap revisited**
Matthias Spiegl, R Wenger, R Verstappen, J Grünert; Hand, Plastic and Reconstructive Surgery, Cantonal Hospital, St-Gall
